

Sign up for VOLO Messaging

VOLO messaging allows our Condo Community Manager to send text messages, email messages, and phone messages to Unit Owners. It is up to you how you receive them: Phone, Text or Email.

VOLO messaging provides a cost-effective communication service for keeping you connected wherever you might be. This cutting-edge technology utilizes a variety of delivery methods – phone calls, text messages, and e-mails – to relay information to our Market Street Condo Unit Owners. Messages can be sent to you regarding timely information of concern or interest, for example, emergency notices, building/street work, utility interruptions, Condo meetings, and Condo events.

This is a way for your Community Manager to send important messages immediately. **Please provide the information below by email, or complete the form and return it by fax or mail.**

If you have questions please contact Sue Carr at marketstreet@hotmail.com or 703-435-7912.
